Notes:

- 1 The above financial results have been reviewed by the Audit Committee and statutory auditors of the Company and taken on record by the Board of Directors in its meeting held on 7 November 2019. The statutory auditors have expressed an unmodified conclusion on these results.
- 2 The above financial results have been prepared in accordance with the recognition and measurement principles of the Indian Accounting Standards (Ind AS) as notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (India Accounting Standard) Rules, 2016 as specified under section 133 of the Companies Act, 2013.
- 3 The Company's primary business segment is reflected based on principal business activities carried on by the Company. Chairman and Managing Director has been identified as being the Chief Operating Decision Maker (CODM) and evaluates the Company's performance and allocates resources based on analysis of the various performance indicators of the Company as a single unit. Therefore, there are no separate reportable business segments as per Ind AS 108- Operating Segments. The Company operates in one reportable business segment i.e., manufacturing of consumer durable products and is primarily operating in India and hence, considered as single geographical segment.
- 4 Effective 1 April 2019, the Company adopted Ind AS 116 "Leases", applied to all lease contracts existing on 1 April 2019 using the modified retrospective method along with the transition option to recognise Right-of-Use asset (ROU) at an amount equal to the Lease Liability. The effect of this adoption is not material on the profit for the period and earnings per share.
- 5 Subsequent to the period ended 30 September 2019, the Company has made a further investment for the acquisition of 2,791,978 equity shares of Ever Electronics Private Limited (Ever) on 18 October 2019, which comprises 51% of the total paid up share capital of Ever. By virtue of the aforesaid acquisition of equity shares of Ever, the Company now holds 70% of the total paid up share capital of Ever.
- 6 During the quarter ended 30 September 2019, the Government of India promulgated the 'Taxation Laws (Amendment) Ordinance, 2019 ('Ordinance') announcing key changes to corporate tax rates in the Income-tax Act, 1961, the Company has an irrevocable option of shifting to a lower tax rate with consequent reduction in certain tax incentives. The Company has not exercised this option for the current period and continues to recognize the taxes on income for the quarter and six months ended 30 September 2019 as per earlier provisions. The Company however expects to avail the lower tax rate from later financial year, hence deferred tax liabilities have been measured only to the extent to which they are expected to be settled in the periods to which the Company expects to be subject to lower tax rates. This has resulted in a reversal of deferred tax liabilities to the extent of ₹ 1975.59 lakh out of which the impact of INR 658.53 lakh has been taken in the above financial results by splitting the impact over the remaining year.
- 7 Freight inward cost in quarters ended 30 June 2019, 30 September 2018, six months ended 30 September 2018 and year ended 31 March 2019 amounting to Rs. 192.35 lakh, Rs.61.80 lakh, Rs. 211.43 lakh and Rs. 521.40 lakh respectively have been regrouped from operating expenses to cost of material consumed to provide more relevant information.
- 8 The Company is submitting the quarterly financial results and the cash flow statement for the six months period ended 30 September 2019 in accordance with SEBI (LODR) regulations, 2015, as amended read with circular no. CIR/CFD/CMD1/44/2019 dated 29 March 2019 and accordingly cash flow statement for the six months period ended 30 September 2018 have been approved by the Company's Board of Directors and has not been subjected to limited review by auditors.

1. INTRODUCTION

The Securities and Exchange Board of India (“SEBI”), for protection of investors and to regulate the securities market, had formulated the SEBI (Prohibition of Insider Trading) Regulations, 2015 under the powers conferred on it under the SEBI Act, 1992. The Board of Directors of the Company has adopted this Code of Conduct for Insider Trading and Fair Disclosure (the “Policy”) to comply with the SEBI (Prohibition of Insider Trading) Regulations, 2015 and has been amended pursuant to Securities and Exchange Board of India (Prohibition of Insider Trading) (Amendment) Regulations, 2018 (“PIT Regulations”).

The Insider Trading regulations envisage listed Companies or proposed to be listed Companies to formulate a new code of conduct to regulate monitor and report trading by its Designated persons and Connected persons by adopting the prescribed minimum standards for achieving compliance with these regulations and establishing principles for fair disclosure of Unpublished Price Sensitive Information (“UPSI”).

2. PURPOSE AND APPLICABILITY

The PIT Regulations prohibit an Insider from Trading in the securities of a Company listed on any stock exchange when in possession of any UPSI.

3. IMPORTANT DEFINITIONS

In this Policy the following definitions have been adopted :

Kkonicaa Yadav

“Compliance Officer” means Company Secretary of the Company or such other senior officer as may be appointed by the Board of Directors of the Company or as defined under PIT Regulations as amended.

“Connected Person” means-

- i) any person who is or has during the six months prior to the concerned act been associated with a company, directly or indirectly, in any capacity including by reason of frequent communication with its officers or by being in any contractual, fiduciary or employment relationship or by being a director, officer or an employee of the company or holds any position including a professional or business relationship between himself and the company whether temporary or permanent, that allows such person, directly or indirectly, access to unpublished price sensitive information or is reasonably expected to allow such access.
- ii) Without prejudice to the generality of the foregoing, the persons falling within the following categories shall be deemed to be connected persons unless the contrary is established :
 - a) an immediate relative of connected persons specified in clause (i); or
 - b) a holding company or associate company or subsidiary company; or
 - c) an intermediary as specified in section 12 of the SEBI Act or an employee or director thereof; or
 - d) an investment company, trustee company, asset management company or an employee or director thereof; or
 - e) an official of a stock exchange or of clearing house or corporation; or
 - f) a member of board of trustees of a mutual fund or a member of the board of directors of the asset management company of a mutual fund or is an employee thereof; or
 - g) a member of the board of directors or an employee, of a public financial institution as defined in section 2 (72) of the Companies Act, 2013; or

 - i) a banker of the company; or
 - j) a concern, firm, trust, Hindu undivided family, company or association of persons wherein a director of a company or his immediate relative or banker of the company, has more than ten percent of the holding or interest;

NOTE: It is intended that a connected person is one who has a connection with the company that is expected to put him in possession of unpublished price sensitive information. Immediate relatives and other categories of persons specified above are also presumed to be connected persons but such a presumption is a deeming legal fiction and is rebuttable. This definition is also intended to bring into its ambit persons who may not seemingly occupy any position in a company but are in regular touch with the company and

its officers and are involved in the know of the company's operations. It is intended to bring within its ambit those who would have access to or could access unpublished price sensitive information about any company or class of companies by virtue of any connection that would put them in possession of unpublished price sensitive information.

“Designated Person” means a person as defined in Clause 6 of the Code.

“Generally Available Information” means information that is accessible to the public on a non-discriminatory basis.

NOTE: Information published on the website of a stock exchanges, would ordinarily be considered generally available.

“Immediate Relative” means a spouse of a person, and includes parent, sibling, and child of such person or of the spouse, any of whom is either dependent financially on such person, or consults such person in taking decisions relating to trading in securities;

NOTE: It is intended that the immediate relatives of a “connected person” too become connected persons for purposes of these regulations. Indeed, this is a rebuttable presumption.

“Insider” means any person who is:

- i) a connected person; or
- ii) in possession of or having access to unpublished price sensitive information;

NOTE: Since “generally available information” is defined, it is intended that anyone in possession of or having access to unpublished price sensitive information should be considered an “insider” regardless of how one came in possession of or had access to such information. Various circumstances are provided for such a person to demonstrate that he has not indulged in insider trading. Therefore, this definition is intended to bring within its reach any person who is in receipt of or has access to unpublished price sensitive information. The onus of showing that a certain person was in possession of or had access to unpublished price sensitive information at the time of trading would, therefore, be on the person levelling the charge after which the person who has traded when in possession of or having access to unpublished price sensitive information may demonstrate that he was not in such possession or that he has not traded or he could not access or that his trading when in possession of such information was squarely covered by the exonerating circumstances.

“Insider trading” refers to the purchase or sale of a security while in possession of “material” “non-public” information relating to the security. “Securities” include not only stocks (including American/Global Depository Receipts/Shares), bonds, notes and debentures, but also options, warrants and similar instruments. “Purchase” includes not only the actual purchase of a security, but any contract to purchase or otherwise acquire a security. “Sale” includes not only the actual sale of a security, but any contract to sell or otherwise dispose of a security. These terms (Purchase and Sale) extend to a broad range of transactions including conventional cash-for-stock transactions, conversions, the grant and exercise of stock options and acquisitions and exercises of warrants or puts, calls or other options related to a security. It is generally understood that insider trading includes the following:

- Trading by insiders while in possession of material, non-public information;
- Trading by persons other than insiders while in possession of material, non-public information where the information either was given in breach of an insider’s fiduciary duty to keep it confidential or was misappropriated; or
- Communicating or tipping material, non-public information to others, including recommending the purchase or sale of a security while in possession of such information.

It should be noted that material non-public information need not be directly related to the issuer of a security for trading to be insider trading. For example, trading while in possession of non-public information about a subsidiary company, which is material to the parent corporation, would be insider trading.

“Key managerial personnel”, will include—

- (i) the Chief Executive Officer or the managing director or Whole-time director or the manager;
- (ii) the Company Secretary;
- (iii) the Chief Financial Officer; and
- (iv) Such other officer, not more than one level below the directors who is in whole-time employment, designated as key managerial personnel by the Board; and not more than one level below the directors who is in whole-time employment, designated as key managerial personnel by the Board; and
- (v) such other officer as may be prescribed under Companies Act, 2013

“Material facts”- The materiality of a fact depends upon the circumstances. A fact is considered “material” if:

There is a substantial likelihood that a reasonable investor would consider it important in making a decision to buy, sell or hold a security or where the fact is likely to have a significant effect on the market price of the security.

Material information can be positive or negative and can relate to virtually any aspect of the business of a company or its affiliates or to any type of security, debt or equity.

Examples of material information include (but are not limited to) facts concerning:

- a) Dividends;
- b) Corporate earnings or earnings forecasts;
- c) Business performance developments, such as number of customers; mergers or acquisitions;
- d) Major litigation;
- e) Significant borrowings or financing; defaults on borrowings; and bankruptcies,
- f) Issues of securities or buyback of securities;
- g) Any major expansion plans or execution of new projects;
- h) Amalgamation, mergers or takeovers;
- i) Disposal of whole or substantial part of the undertaking; and
- j) Any significant changes in policies, plans or operations of the Company.

“Need to Know basis” means that unpublished price sensitive information should be disclosed only to those within the Company who need the information to discharge their duty and whose possession of such information will not give rise to any conflict of interest or appearance of misuse of information.

“Non-public Information” Information is “non-public” if it is not available to the general public. In order for information to be considered public, it must be widely disseminated in a manner making it generally available to investors by distribution to Stock Exchanges, where Company’s shares are listed or through such media as Press and Television, Journals or similar broad distribution channels or the press media in India and abroad. The circulation of rumours, even if accurate and reported in the media, does not constitute effective public dissemination.

In addition, even after a public announcement, a reasonable period of time must elapse in order for the market to react to the information. Generally, one should allow approximately 48 hours following publication as a reasonable waiting period before such information is deemed to be public.

“Securities” means Securities or Voting Rights of Company, which are listed in any Stock Exchange, excluding Debentures that are not convertible, either fully or in part in to Equity Shares and includes derivatives.

“Trading or Trade” means and includes subscribing, buying, selling, dealing, or agreeing to subscribe, buy, sell, deal in any securities, and “trade” shall be construed accordingly.

NOTE: Under the parliamentary mandate, since the Section 12A (e) and Section 15G of the Act employs the term 'dealing in securities', it is intended to widely define the term "trading" to include dealing. Such a construction is intended to curb the activities based on unpublished price sensitive information which are strictly not buying, selling or subscribing, such as pledging etc when in possession of unpublished price sensitive information.

"Trading Day" means a day on which the recognized stock exchanges are open for trading.

"Trading window" –Trading window shall refer to a specified period during which the trading in securities of the Company is permitted. During the closure of Trading Window, trading in securities of the Company is prohibited for designated employees and is restricted for other employees.

"Unpublished Price Sensitive Information" means any information, relating to a company or its securities, directly or indirectly, that is not generally available which upon becoming generally available, is likely to materially affect the price of the securities and shall, ordinarily including but not restricted to, information relating to the following: –

- (i) financial results;
- (ii) dividends;
- (iii) change in capital structure;
- (iv) mergers, de-mergers, acquisitions, delisting, disposals and expansion of business and such other transactions;
- (v) changes in key managerial personnel; and

NOTE: It is intended that information relating to a company or securities, that is not generally available would be unpublished price sensitive information if it is likely to materially affect the price upon coming into the public domain. The types of matters that would ordinarily give rise to unpublished price sensitive information have been listed above to give illustrative guidance of unpublished price sensitive information.
